Patricia Sharman & Company is a small independent catering company with a passion for good food and excellent service.

They have been in business for over 25 years and have established an enviable reputation for their flexibility, fine food and top quality service.

They have strong links with many local suppliers and use as much local and seasonal produce within their menus as possible. All food is freshly prepared and most is cooked on site to ensure freshness and flavour, nothing is bought in that they can make better themselves.

Patricia and her team work hard to ensure you have the food you want for any occasion and will happily meet to discuss requirements and prepare bespoke menus to suit your tastes and budget.

Quality table linen and napkins can be provided at extra cost if required to complete the service provided for any event.
